CONGRESS IN MEXICO MEETS

Hurriedly Called in Session; Believed Pacification Plans Are Cause

VILLA'S BREAK WITH GEN. CARRANZA IS MYSTERY

No Certain News; Friends Deny Trouble—Rebels Lose Ship at Mazatlan

MEXICO CITY, June 17.—Congress was hurriedly assembled here today in extra session. It was understood that a matter of the highest importance was to be considered in a bill framed by the interior and foreign departments. The contents are a secret, but it is believed the matter refers to the country's pacification.

WASHINGTON, June 17.—Despite denials of the intention of General Villa to break with Carranza, administration officials are worried by the news that Villa's followers have deposited Carranzistas at Juarez, putting themselves in their places. There are vague reports of similar proceedings farther south. The rebel junta here is without news.

EL PASO, June 17.—Friends of General Villa here, claiming to speak in his behalf, denied today that he has broken with Carranza, the constitutional chief. The seizure by his subordinates of the constitutional bureau of information and telegraph offices at Juarez and the arrest of Carranzista officials there, it is explained, were due to a misinterpretation of orders sent by Villa to Col. Ornelas, military commander at Juarez. They stated with emphasis that Villa has no intention of causing a breach in the ranks of the rebels.

Awaiting Villa's Statement
There was little news of certain veracity available here or at Juarez during the day regarding Gen. Villa's reported coup of removing Carranza officials and supplanting them with his own adherents. The general's plan is not thoroughly understood here, but it is believed that Villa's statement, which is reported to be prepared yesterday, is coming from Torreón. This is expected to explain his attitude and plans.
The statement from Saltillo that Villa had resigned his army position to become governor of Chihuahua is generally discredited here. Varying reports from Torreón, Ciudad, Chihuahua and Jimenez indicate that Villa has pursued similar tactics regarding officials. It is pointed out that Gen. Ornelas could hardly have misunderstood his order if the other commanders acted along identical lines with his procedure, which reports received here indicate to be true.

Tampico Loss Confirmed
A second message from Admiral Howard commanding the fleet at Mazatlan confirms the earlier report telling of the sinking of the rebel gunboat Tampico by the federal boat Guerrero. The message said there were 40 to 50 dead, and many wounded.

The gunboats carried 90 to 120 men each, according to the latest available figures. Marksmanship on both sides was poor, wild shots continually endangering non-combatants ashore and afloat. The losses are unknown. A detailed report is expected later.

Battle Lasted an Hour
MAZATLAN, June 16.—A wireless to San Diego says that the Mexican gunboat Guerrero in an engagement today fired upon and sank the rebel gunboat Tampico. The casualties were about fifty according to various estimates. Each ship carried about 100. The cruiser New Orleans picked up the Tampico's survivors and took aboard the Guerrero's wounded and took treatment by the American fleet surgeons. The battle lasted more than an hour. The victory strengthens the federal position at Mazatlan.

Rebels Lose Gunboat
WASHINGTON, June 17.—Admiral Howard today reported to the navy department from Mazatlan that the federal gunboat Guerrero and the rebel gunboat Tampico engaged in battle near Topolobampo on Tuesday, and added his belief that the rebel boat had been sunk.
It is believed the casualties were heavy. The captain and chief engineer of the Tampico committed suicide when they saw the battle turn against them. Admiral Howard stated that the engagement was watched from the decks of the American ships New Orleans, Perry, and Preble, the New Orleans standing by to rescue the crew of the Tampico, and to offer surgical aid to those aboard the Guerrero.

The Tampico was originally a federal gunboat but the crew mutinied several months ago turning the ship over to the rebels. The loss of the Tampico leaves the rebels without a ship on the west coast.

MT. LASSEN IS AGAIN SPOUTING

Tourists Flocking to Vicinity; Would Have Section Made National Park

REDDING, Cal., June 17.—Mount Lassen is still smoking today, according to messages from Volca, near its base. The mountain is invisible here on account of the haze. Another eruption late yesterday caused fears of another outbreak.

Another new crater has formed on the south slope, which is sending up clouds of steam. Tourists are pouring into Redding by the hundreds.

Wants National Park
A petition is being circulated here today asking Representative Raker to try and secure action by Congress to make the Mount Lassen section a national park. Copies of the petition will be forwarded to all the other towns in Raker's district. There are hundreds of signers already.

She committed suicide by poisoning, according to physicians today. The contents of her stomach are being analyzed. Her infirmity and finances are believed to be the cause of her suicide.

KENT IS PLACED IN COUNTY JAIL

Justice Holds Law Prohibits Fixing Bail in Murder Case

PRELIMINARY IS TUESDAY MORNING

Dr. Violet States That Prisoner is in Bad Health, Jail Harmful

Frank C. Kent, a man about 65 years of age, was sent to jail this afternoon on a charge of murdering I. O. Wilson. Though Attorneys H. C. Head and W. M. Brown made a determined effort to get Justice Cox to name bail for Kent, the justice refused, declaring that under the law he is prevented from allowing bail to a man charged with murder.

Kent is the man who struck I. O. Wilson over the head with a garden rake in an altercation that occurred 2 mile west of Garden Grove on May 13 on the line separating property owned by the two men. Wilson died last Friday night. The coroner's jury found that death was due to the blows struck by Kent.

Ray Wilson, son of I. O., swore to the complaint charging the Garden Grove rancher with murder. This afternoon at 1:30 o'clock Kent and his wife were in justice's court. Under Sheriff Law having served the warrant.

Just the Cox read the complaint. Attorney Head stated that he felt confident that the man would never be found guilty of murder, and that the justice, being familiar with the evidence brought out at the preliminary examination of Kent when he was charged with assault with a deadly weapon with intent to commit murder, would admit Kent to bail. Attorney Brown insisted that the law contemplates bail in every case except in a case of murder where the presumption of guilt or the proof is great. He and Head contended that in this case there was neither presumption nor proof of murder in the first degree.

Justice Cox could not see the law that way. Deputy District Attorney Koepsel said that no bail should be fixed, that the law contemplates that in a murder charge a man must stay in jail.

Dr. C. C. Violet of Garden Grove, who has been attending Kent, was present ready to make affidavit that Kent is in such physical condition that confinement in jail may do him serious harm. The justice said it was not a case of physical condition, but of law.

The preliminary examination was set for next Tuesday morning at 10 o'clock. Attempts by the defense to get it set for an earlier date so that Kent need not remain in jail failed.

AMERICANS TO CONTEST IN 1915 TO WIN POLO CUP

NEW YORK, June 17.—Following American defeat yesterday, the American Polo Association today announced its intention to send a challenging team to England next year in an attempt to lift the polo cup. The British are being lavishly entertained today, and other affairs are planned in their honor.

FARGO QUILTS AMERICAN EXPRESS AS PRESIDENT

NE WYORK, June 17.—James C. Fargo, president of the American Express Company since 1881, resigned that office yesterday. George C. Taylor, vice-president in charge of the company's business in Chicago, was elected to succeed him. Taylor went to work for the company as a \$4 a week office boy.

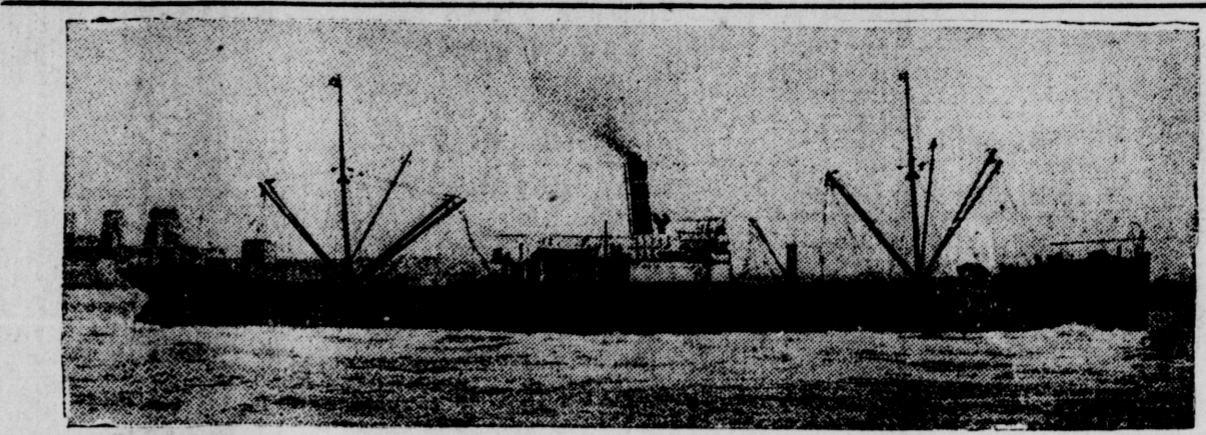

FUNERAL OF FORMER VICE-PRESIDENT

BLOOMINGTON, Ill., June 17.—With business suspended and the city draped in mourning Bloomington paid final honors yesterday to former Vice-President Adlai E. Stevenson. The body lay in state in the rotunda of the courthouse for two hours while thousands filed past.

The procession to the church was headed by a band, a troop of the Illinois National Guard and surviving members of the Stevenson Escort Club, a famous marching organization of the campaign of 1892, which accompanied the Vice-President-elect to the inauguration at Washington. There followed 300 miners from the McLean county mine, of which Mr. Stevenson was for many years president, members of the bar association, the Mayor and city officials and numerous local organizations.

The interment at the Bloomington cemetery was private.

WARD LINER ANTILLA, WHICH LEFT BROOKLYN WITH ARMS FOR CARRANZA

Diplomats were shocked at the sailing of the Ward Line steamship Antilla from Brooklyn with 3,000,000 rounds of ammunition for the Constitutionalists the other day. The vessel was loaded with arms bought by the Carranza government from the Remington Arms Company, who made little secret about it. When time came for the purser to go to the custom house in New York for his clearance papers he went forth and had no trouble in getting them. The ship cleared

for Tampico, the port now in possession of the Constitutionalists. It was reported that Secretary of State Bryan made some objection to the sailing of the vessel, but no orders were received by the customs collector to prevent him from giving the ship her papers.

The German vessels Ypiranza and Bavaria, which unloaded many rounds of ammunition for General Huerta at Puerto Mexico several days ago, were fined heavily by the American authorities at Vera Cruz

on the ground that the clearance papers had been falsified in violation of Mexican law. Such shipments from the United States, however, are said to be barred by an agreement which was reported to have been made between the A B C mediators and the State Department to the effect that no arms would be shipped from the United States to Mexico during the time the mediators were trying to effect a settlement of the Mexican difficulties.

FEDERATION OF WOMEN NAMED OFFICERS

Mrs. Pennypacker of Texas is Re-elected President; Strong Resolutions Adopted

CHICAGO, June 16.—At yesterday's meeting of the General Federation of Women's Clubs Mrs. Percy V. Pennypacker of Texas was re-elected and the entire ticket of the nominating committee was elected without opposition.

Miss Margaret Woodrow Wilson, daughter of the President, led the delegates in the singing of Edwin Markham's song, "Brotherhood." When Mrs. Pennypacker introduced Miss Wilson, the throng of delegates arose and waved and cheered her fully ten minutes.

The resolutions recommended:

Simple, becoming and modest designs in dress.

Offered the services of the home economics division to further the Smith-Lever bill in Congress to establish a bureau of home economics.

Urged university extension work for the prevention of disease.

Promised to co-operate with children's bureaus in employing nurses. Requested children's bureaus to prepare pamphlets for mothers on instruction for the children.

Approved state laws making mandatory the reporting of venereal disease.

Approved abatement and injunction law in suppression of immoral resorts.

The vice traffic and tight skirts were attacked in the resolution.

ASCOT WAS SCENE OF PRESENTATION

ASCOT, Eng., June 17.—The Royal Hunt Cup, a handsome trophy presented by King George, value \$1500 with \$10,000 in cash, was the principal event on the card today for the second day of the royal race meeting, which attracted vast crowds of sportsmen and society people. The race, which was a handicap for three-year-olds and upwards, was run over the severe 7 1/2 furlongs course and the entries included a score of the smartest horses in training.

King George and Queen Mary were again present with a distinguished company from Windsor Castle, but socially today was an "off-day," and there was no state procession. The costumes of the women occupants of the coaches and enclosures were as brilliant as ever but their male companions were permitted more relaxation and King George set the fashion by discarding his morning coat and silk hat in favor of a brown Derby and a comfortable lounge suit. Silk hats will again be de rigueur tomorrow.

MONARCHISTS CARRY ROME IN CITY ELECTION

ROME, June 17.—The entire Catholic and Monarchist ticket was elected at the municipal elections held on Sunday, the results of which became known Tuesday. Prince Colonna headed the list with over 6000 votes more than Ernesto Nathan, the former mayor, who led the anti-clerical coalition. Signor Nathan was last but one among the representatives of the minority and he got on the list with only eighty-two votes to spare.

U.S. PLANS FOR SEIZURE OF MINES

Wilson Decides on Drastic Method if Colorado Does Not Settle Trouble

WASHINGTON, June 17.—Former President Roosevelt's plan to settle the Pennsylvania anthracite strike by military seizure of the mines, has been adopted by President Wilson in the Colorado strike situation at the earnest solicitation of his advisers.

After giving both sides of the controversy one more chance to arbitrate through five arbitrators, two to be selected by the mine owners, two by the miners and one by the president, the United States, if necessary will seize the mines and operate them as a "military necessity."

BALLOONISTS ARE SAFE IN MT. HOOD FOREST STATION

PORTLAND, June 17.—After having been lost in the wilderness of the Cascade mountains for 120 hours with only what food they could pick up, and with no matches for the lighting of a fire, Pilot Roy Donaldson and Aide Winour Henderson of the balloon Springfield, reached the remote forest station in Zigzag canyon near Mount Hood early this morning. They telephoned the news of their safety to the forester in charge of the district.

The lost balloonists found their way to civilization by following the Bull Run river almost from its source. They left Portland last Thursday in an endurance balloon race, and landed in the Blue Lake country on Friday.

Senior Class Play One of Unusual Excellence

The second event of commencement week of the Santa Ana High School was the presentation of "Strongheart" at the Temple Theater last night by members of the senior class under the direction of Ernest C. Phillips of the high school faculty.

It is easy enough to say "It was the best high school production ever given in Santa Ana," but when many people make the same remark it may be taken as very near the exact truth. The remark has been made many times of last night's production.

It is rather unusual for amateurs to put on a production that has every character carefully portrayed, and each part done satisfactorily. The cast last night was well balanced, with those taking the leading parts doing so well that their work could be compared to their advantage with the work of professionals of long experience.

The leading parts were taken by Miss Helen Roberts and Bruce Wallace, the latter having the title role. The vim with which the football scene is pulled off was one into which high school boys could enter with a telling hand.

The comedy parts were pleasing. Dix McNeal and his dog doing a goodly share in making them a success. Dramatic incidents of the play were exceedingly well portrayed, so well so

JAPAN WANTS TO ARBITRATE DISPUTE

Wilson Promises to Consider Plan Seriously With His Cabinet Members

WASHINGTON, June 17.—The Japanese government has proposed to submit its dispute with the United States over the California anti-alien laws to arbitration by The Hague tribunal.

The Wilson administration has indicated that it will give serious consideration to the proposal. These disclosures here explain the recent reports that the Japanese land law controversy is being revived by renewed demands for a settlement put forth by the island empire. They also explain the announcement from the State Department that Secretary Bryan is framing a reply to the Japanese rejoinder which has remained unanswered a long time.

It transpires that the proposal to submit the question at issue between the two governments was made informally within the last few days to the American premier by Ambassador Chinda. After Mr. Bryan shall have given a formal reply to the last Japanese note, the arbitration proposal will be made formally and will receive consideration by President Wilson and his cabinet.

THOMAS A. EDISON'S DAUGHTER TO WED TODAY

WEST ORANGE, N. J., June 17.—Miss Madeline Edison, daughter of Thomas A. Edison, the "wizard of electricity," was to be married this afternoon to John Sloane, son of Dr. and Mrs. T. O'Connor Sloane, in the home of the bride's parents here.

Mr. Mooney, president of the Seton Hall College, South Orange, was to officiate. Dr. Sloane was once a professor at Seton Hall. Elsa Denison of Denver, Colo., will be one of the bridesmaids.

NOTICE

A meeting of apricot growers will be held at Tustin Bank Hall, Thursday evening, June 18, at 7:30, for the purpose of discussing matters of interest to the growers. Everybody interested is invited.

During the last act a good many handkerchiefs were brought out by persons sitting in the audience. One may look through the cast, and in each person named he will find one whose part was excellently cared for last night. "Strongheart" is to be repeated tonight. The cast follows: Taylor, a sophomore. Ray Kanawyer Ross, a freshman. Ray Adkinson Thorne, a special. Guy Pearson Skinner, a sport. Roscoe Hewett Frank Nelson, senior. Arthur Fargar Dick Livingston, junior. Bennie Osterman Billy Saunders, senior by courtesy. Dix McNeal Soanagataha, known as Strongheart. Bruce Wallace. Mrs. Nelson, Frank's mother. TAXES PROVE AMPLE FOR STATE

\$15,109,663 Levied for Running of State During Coming Fiscal Year

WIDE MARGIN PREVENTS NEED OF DEFICIENCY TAX

Public Service and Other Corporations Will Pay an Advance Tax

SACRAMENTO, June 17.—That no deficiency of ad valorem tax on the various counties of the state will be levied this year, is the statement made by the State Board of Equalization in announcing the total of the 1914 state assessment roll yesterday.

The total corporation taxes, subject to minor changes upon hearings to be held previous to July 6, when the roll must be turned over to State Controller Chambers, amounts to \$13,609,663.49, being the state taxes to be derived from various corporations, public utility and otherwise, upon operative property.

5 Per Cent Gain
The 1914 total given is an increase of \$638,092.14 over the returns of 1913. This is an advance of nearly 5 per cent.

The increase this year is less than one-third of that of last year, when the state legislature raised the corporation rates over the schedule adopted when constitutional amendment No. 1 went into effect. In addition to the total taxes of \$13,609,663 to be secured during the present sixty-sixth fiscal year from the public service and other corporations, the estimated receipts from fees, inheritance taxes, interest on deposits and other state revenues are given at \$1,500,000.

As the legislature at its fortieth session in 1913 directed that \$14,908,900 be raised to run the state during the forthcoming year, the state assessment figures, given by the Board of Equalization, show that ample funds will thus be provided, and that no ad valorem tax will be required.

Plenty of Margin
In fact, the estimate of \$1,500,000 from other sources than corporation taxes is rather low, and the margin is not only safe, but wide.

EMPRESS CAPTAIN PAT ON STATEMENT

Declares Ship Was Stationary When Rammed—Storstad Captain Says Not

QUEBEC, June 16.—Testimony amplifying the known conditions in regard to the cause of the disaster to the Empress of Ireland in the St. Lawrence on May 29, was brought out at the opening session of the investigating Dominion commission, of which Lord Mervyn of the British House of Peers is chairman.

So far the main arguments of Capt. Kendall of the Empress of Ireland that he was stationary when rammed by the collier Storstad and of the owners of the collier that the Empress placed herself in front of the Norwegian vessel, which had the right of way, were only emphasized.

ROBERTS NOT TO BE CANDIDATE FOR ANY OFFICE

SACRAMENTO, June 17.—"I will not be a candidate for office on any ticket at the coming state election," is the flat declaration made today by State Treasurer Roberts, following reports that he had split with Governor Johnson over Roberts' possible candidacy for lieutenant governor. Roberts said:

"I do not agree with the Governor on some matters, but there is no break between us. If there were I would resign immediately."

SIXTY-ONE MORE TEACHERS ARE RETIRED

Pension Fund Derived From Teachers and Inheritance Tax

SACRAMENTO, June 17.—The State Board of Education has just granted retirement salaries to 61 additional teachers in California, making 212 in all on the record. These retired teachers draw an annual salary, annuity or pension of \$500, payable in four quarterly installments of \$125 each. These retirement salaries, however, are not paid by the tax payers of the state, but chiefly by the members of the teaching fraternity themselves at the rate of \$1.00 per month each. In this way the state receives over \$100,000 yearly, or more than enough to pay all the retirement salaries so far claimed. In addition, the fund receives five per cent of the collateral inheritance tax, a state tax collected from the estates of wealthy persons after death. This amounted to \$78,854 last year.

A case of vital interest to the public school teachers of the state has been recently settled in San Francisco. Shirley King, and twenty other teachers appealed to the State Superintendent of Schools, alleging that the city board of education had illegally withheld their salaries, refusing to recognize experience outside the city in rating them according to the salary schedule. Superintendent Hyatt rendered a decision in favor of the teachers. To every one's astonishment the city board accepted the superintendent's decision as gospel and gave up the contest, and paid down the money. This was an agreeable surprise all round, as both parties to the controversy had lined up for a protracted legal battle.

J. M. Estes lost a \$200 horse yesterday when the animal tripped and fell while running away. The horse was staked out on a lot on West Fifth street and in some manner became loose. It had not run far when it became entangled in the rope hanging from its neck. The animal died instantly.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-Time Recipe That Anybody Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it cures the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy, soft and abundant.—Advertisement.

M. E. MINISTERS OPPOSING DANCE IN PUBLIC SCHOOL

Los Angeles Times: At a meeting of the Methodist ministers on Monday a report was presented, through Chaplain Nave, chairman of a committee of fifteen previously appointed to make an investigation and recommendations bearing upon the subject of dancing in the public schools. The report condemns dancing, particularly that which is taught children in some parts of the folk dances, and which they say is ballet dancing, harmful to the modesty and refinement that should be inculcated in children. Round dances are also condemned as dangerous to the morals of youth. The recommendations of the committee are, however, clothed with moderation, and will be sent to the board of education. They are summarized as follows:

(1) That in the term describing the rhythmic exercises as "folk dances" be changed so as to omit the word "dance," and that ballet dancing be prohibited. (2) That owing to their dangers round dances be prohibited in class functions in all schools and that teachers, by example and instruction, be required to lend their influence in that direction, and that they be prohibited from giving instruction in dancing. (3) That round dances be prohibited at social centers in the school buildings for the same reason and because they lead to extremes. (4) That in the selection of teachers, high character ideals be considered of importance beyond scholastic attainment.

TO ESTABLISH ITS FORESTRY NURSERY HERE

Over 14,000 Trees Are Purchased to Be Planted by Forester

Yesterday the Board of Forestry decided to establish its lath-house in Santa Ana, trees from it to be transplanted at the county farm. The board will lease a lot for the lath-house, which will be about forty-eight feet square.

County Forester J. M. Grant has made a round of the nurseries from Redlands to Santa Monica, and presented a list of seedlings that can be purchased ready for potting. The board ordered the purchase of about 12,500 seedlings of eight or ten varieties, for about \$320. Setting trees fifty feet apart, 210 will plant a mile both sides of the road.

Grant stated that the nurseries are practically bare of cedar, deodar, which he considers one of the best street trees. Moreover, the seed men in this country are out of deodar seed, and none can be obtained short of France, if there. Trees of that species two feet high in Los Angeles are bringing \$2 apiece. Grant reported locating a place where 2,000 small deodars that can be bought for \$150, and the purchase was ordered by the board.

The board expects to have its lath-house built within ten days, and it will not be long before it will be filled with small trees, a large proportion of which will be ready for planting on the highways next spring. The reason for establishing the lath-house in Santa Ana instead of at the county farm was due to two reasons, one being that better water pressure is secured here, it being the purpose of the forester to irrigate the plants and seeds by the use of a very fine spray, and the other the necessity of having the nursery close to the forester's home that he may give it personal attention every day.

The board reported to the Board of Supervisors that less than \$2,000 would cover all expenses likely to be incurred by the Board of Forestry between now and January 1, 1915. Of that sum \$750 will be for the forester's salary.

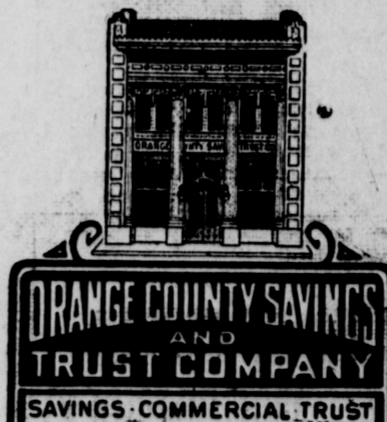

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

BOARD OF SUPERVISORS A COUNTY FREE LIBRARY PLAN PROPOSED

July 8 at 2 O'clock is Time Set
for Hearing the
Matter

The Board of Supervisors has set July 8 at 2 o'clock as the time for hearing objections to a proposal to establish a county free library. Yesterday the supervisors passed a resolution that puts the matter before the people, without committing the supervisors for or against the proposal. The decision will be with the board, but up to the present time none of the board has given final word as to his views on the subject.

sented the resolution yesterday. Mrs. Harriet G. Eddy, state organizer of county free libraries, was in San Diego and unable to attend the meeting as she had intended. Mrs. Pyle stated that Mrs. Eddy would spend several days here meeting objectors. Two or three of the supervisors stated that they had heard a good deal of opposition to the plan. Those objecting will be given a hearing on July 8.

Set for Hearing
The petition of property owners for the formation of the Anaheim Protection District was set for hearing on July 21. The district proposes to take the west side of the Santa Ana river from the Yorba bridge to a point below the Olive bridge.

Bids were received for the construction of a paved road between Bay City and Los Alamitos.

The petition of Blanche Dolph for vacating an alley at Laguna Heights was referred to the county surveyor. The report of the viewers of the R. C. Shook road, located at Yorba Linda, was set for July 28.

A lease for a location of an oil tank on the S. P. at Tustin was approved.

Money Set Aside
The request of the Board of Forestry for \$2,000 for use between now and January 1, 1914, was granted, and the money was set aside.

Bids for lumber for the West Chapman bridge are to be received July 8. A fumigator's license was issued to W. H. Edwards.

A. S. Bradford, a member of the Board of Forestry, was granted leave of absence from the state for sixty days.

The procedure for re-forming the Road Improvement Division No. 1, between Anaheim and Fullerton, was started over again. The first procedure failed because the petitioners included a part of Anaheim City. The division proposes to pave the street full width between Anaheim and Fullerton, the state paying the center.

ARROWHEAD SPRING MOST VALUABLE

SAN BERNARDINO, June 16.—One of the greatest discoveries in the medical world was confirmed in the presence of many witnesses at Arrowhead Hot Springs, near this city yesterday when Professor Gilbert Ellis Bailey, head of the geological department of the University of Southern California, conducted scientific tests which disclosed that the spring "Penyalgal," which bubbles forth the hottest water in the world, contains one-twentieth of a gram of arsenic per gallon.

The hot water in the springs in the steam caves, a half mile distant from the Penyalgal spring, shows one-sixty-seventh of a gram arsenic per gallon. The only other spring in the world that is noted for its arsenous qualities is at La Bourboule, in France, where the government has built a \$3,000,000 sanitarium.

While the French water carries one-sixty-seventh of a gram of arsenic, the big spring at Arrowhead, El Penyalgal, contains one-twentieth of a gram to the gallon.

BANNER YEAR FOR DECIDUOUS FRUIT

SACRAMENTO, June 16.—Backed by the largest apricot shipments ever made from California, deciduous fruits are setting a hot pace in the early season and far outstripping 1913, which was considered a banner year. This far 785 carloads have been sent East, against 362 last year, according to figures compiled here.

Apricot shipments have already set a mark never before attained in a full season, and this in face of prices ranging as high as \$40 a ton by canners. Yesterday eighteen and three-quarters cars left, bringing the season's total to 294 cars, and there will be a considerable number of cars leave this week. Previous high mark was 290 cars, in 1910, for the whole season.

The last car of cherries will leave some time this week, probably Wednesday, setting the total for the year at about 160 cars, against 230 last year. This is in large part due to the small crop in the Santa Clara Valley.

\$200 an Acre!

comes nearer the real value than \$150.00 for the land I am advertising for sale at \$125.00. When you consider the quality of the land, location, water, and the general neighborhood. This land is in crop and you don't have to guess as to what it will produce. It should just suit a "sure thing" general farmer—alfalfa, grain, beans, sugar beets, hogs and cows—40 acres, 60 acres or 100 acres fine level land and is now producing big crops of alfalfa, barley and sugar beets. Plenty of water, 1 1/4 miles from good town in Tulare county. You can contract 15 per cent beets at \$5.00 with 30c rise for five years.

This is the best time to buy land. We have had several years of political agitation, the country has been ruined and saved or saved and ruined, according to the viewpoint of the politician.

The tariff was lowered to reduce the high cost of living and ruin the farmer, meanwhile the price of land has continued to advance and farm products are bringing high prices even in the face of record breaking production and the high cost of living refuses to come down. Confusing, isn't it? Can you beat it? You can if you buy a piece of land now and become a producer of staple food products. Follow that "hunch" that tells you to buy now, before this state begins to feel the stimulating effects of the Exposition, country-wide good crops and easier money. If you are interested in this land or want information about deciduous fruits and nuts grown without irrigation in the Templeton or Paso Robles country, just call me up evening or morning, 6443, or drop me a letter with your address.

ANNUAL RECEPTION TO SENIOR CLASS

(By Staff Correspondent.)

ORANGE, June 17.—The annual reception to the senior class given by the high school juniors was held Monday evening at the high school.

The event was brilliant in every respect and a very delightful evening was spent by members of the two classes.

A program of entertainment including jokes, short sketches, readings and musical selections occupied the evening. Refreshments were served toward the close of the affair.

The Tattling Club held a very pleasant meeting yesterday at the home of Mrs. Robert Cameron on North Orange street. A very good attendance featured the meeting and the time sped agreeably with needlework and other pastimes. Delicious refreshments was one of the concluding features of the affair.

Those present were the following: Mrs. H. B. Slater, Mrs. Frank Knight, Mrs. William Wagner, Mrs. N. U. Potter, Mrs. Charles B. Christenson, Mrs. H. Lucy, Mrs. Henry Mehan, Mrs. H. P. Dalrymple, Mrs. C. J. Porter, Mrs. W. C. Waechter, Mrs. L. B. Gitchell and Mrs. Robert Cameron.

The wedding of Miss Agatha Jessup, daughter of Mr. and Mrs. Henry Jessup of Villa Park, to Mr. Clarke Congdon of Palo Alto, took place this morning at the home of the bride's parents. The ceremony was performed at 11 o'clock in the presence of a large gathering of relatives and friends.

The bride is a well known Villa Park girl who has made her home in this vicinity since girlhood, and has many warm friends. A shower of congratulations and good wishes followed her to her new home in the north.

In celebration of J. P. Small's birthday, a picnic outing was enjoyed yesterday at the Santa Ana river.

Those present were: Mr. and Mrs. J. P. Small, Mr. and Mrs. A. H. Small, Mrs. J. L. Buckingham, Howard and Emma Small, Harry White and Vernon Doyle.

Mrs. H. F. Dalrymple spent Monday visiting relatives in Fullerton.

Rev. B. C. Cory has received the news of the arrival of an eight-pound boy at the home of Mr. and Mrs. Wm. B. Park, Jr., at Calexico, yesterday morning. This is the first grandchild and Rev. Cory is highly elated.

The third division of the high school class in physical geography went to Rocky Point near Balboa today on one of their regular study and exploration trips. The class was accompanied by their teacher, Miss Agnes C. Ralph and expected to spend the entire day at the beach.

Mrs. Shepherd, Mrs. R. W. Riddle and family, and W. C. Carhart and family have gone to Newport Beach to spend a few days.

P. I. Bird and N. B. Spray, motored to Los Angeles this afternoon.

George King and family of South Center street will leave next Tuesday morning for Arlington and other points in Kansas. They will visit Mr. King's mother at Arlington.

Mr. and Mrs. A. M. Bell, who have been located in the north for the last few months, arrived here yesterday evening and have taken possession of the Bentz lunch room, which they formerly owned. They will remain in this city.

R. Smith of Watsonville was a guest of Miss Bessie B. Lea Monday afternoon.

Ralph Woods left this morning for Berkeley, where he expects to attend summer school during the vacation period.

Miss Lily Stanley of Pasadena, arrived here last evening to attend the wedding of Miss Agatha Jessup to Mr. Clarke Congdon, which took place this morning.

Arnold Grumm left this morning for Port Dodge, Iowa, where he will visit with his uncle, Henry Frost and family during the summer vacation.

Mrs. E. A. Honey of East Almond avenue left yesterday morning for the Sacramento ranch, Paso Robles, to spend some time visiting relatives.

Mrs. D. P. Crawford and her daughter, Mrs. H. A. Brown, went to Los Angeles today to attend some of the exercises of commencement week at the Page School for Girls. Miss Hazel P. Crawford being one of the graduates.

Misses Ethel and Emma Biggs have gone to Laguna Beach for a short vacation.

Miss Gladys Cassidy of Los Angeles is a guest at the A. R. Fernald home on South Olive street.

Prof. George Weltbrecht arrived home Monday evening from St. Paul, Minnesota, where he is head of a military academy. He will spend the summer vacation here with his family.

Charles Slaggs of Edgerton, Wisconsin, and S. K. Hemphill of Long Beach were visitors at the Lawrence Hemphill home on North Glassell street yesterday.

H. G. Hubert of Balboa Island was calling on friends here today.

Mrs. Frank Carr and son Howard, of Winterhaven, Florida, have been guests of their uncle and aunt, Mr. and Mrs. J. P. Small, on East Palmyra avenue. They are visiting relatives in Riverside, Santa Ana and nearby towns and will return here for a more extended visit later.

A baby daughter arrived at the home of Mr. and Mrs. Carl L. Conway on East Collins avenue, last evening. The little one weighed seven and three-quarters pounds.

Mr. and Mrs. Samuel Hulen of Long Beach were guests of the H. F. Dalrymple family from Saturday until Monday morning.

JOHNSON AND FREDERICKS

The Register takes no stock in the candidacy of Capt. Fredericks for governor. Neither does it take any stock in the arguments against his candidacy that are based upon the statement that the working men will not support him because he prosecuted the McNamaras and Clarence Darrow.

The rank and file of the working men of this country—those who work with their brains as well as those who work with both hands and brains—are not the kind of men who would vote against a man for doing his duty, much less when that duty is to prosecute murderers and jury bribers. The working men of California and all men will vote not so much AGAINST Capt. Fredericks as FOR Governor Johnson. To the extent that men and women may vote AGAINST Fredericks, it will be because he is a reactionary and is the candidate of worse reactionaries than himself; because he is out of harmony with the spirit of the times, has lost step with the march of civic progress.

But mainly people will vote FOR Governor Johnson because he is imbued with the spirit of the crusader; because he has proved that he has the will and the power to DO things on behalf of the people, the courage and ability to force predatory interests and parasitic politicians to their knees before the tribunal of the people.

Fredericks will get the Republican nomination, all right, but Johnson will get the people's election.

It is probable that only the liquor interests of the United States possess to the full an understanding of the rapidity with which the movement for prohibition has spread from the township to the county, from the county to the state, and from the state to the nation, in the last few years.—The Christian Science Monitor.

COLLEGE DEGREES

The college commencements bring on the stage a troop of young fellows, bright faced and ambitious, yet apt to be more distinguished by their muscular development and social graces than by scholastic achievement. This product of the educational mill is ground alike through the hopper of academic distinction.

The degree of Bachelor of Arts may not signify any very large achievement. But it ought to indicate that the owner of it was at least an apprentice who had made good in the tests of scholarship.

Probably most college authorities would admit that the distinction has become so common that it means nothing. One fellow for four years has given his first attention and his heart's desire to the pitching of curve balls, and the making of base hits. He is made a bachelor of arts, just as much as the proficient experimenter at chemistry, or the affectionate student of Virgil.

If this degree was awarded only to a minority of a graduating class, to those who had shown special interest in scholarship and a gift for literary and scientific work, it would mean something. The hall player who has taken little interest in scholarship, though he passes his examination, would at least be no worse off without the degree. On the other hand, the fellow who had really worked for scholastic achievement would get something that would have meaning. He would be fairly rewarded for work that he had done.

The way the Master of Arts degree has been awarded in the past has been condemned by all college authorities. There was a time when any graduate of a few years standing who had \$10.00 could get it. Now it is usually given only to those who have done a year or more of post graduate study. Even at that, it still often signifies a mere desire to get an ornamental decoration that will impress school boards.

Formerly there were not many college graduates, and the degrees seemed a real distinction. The graduate community is such an enormous one today, that degrees have become meaningless from the great number who are entitled to use them.

The distilleries, breweries and liquor-sellers have already gathered from the people many times the value of the plants and the money invested, and if the liquor traffic is permitted to live, will reflect many more times from these same people the value of their original investment.—The Portland (Me.) Express-Advertiser.

A Summing Up of the Case of Johnson Versus Those Who Oppose Him

It is highly significant that all of the candidates announcing opposition to Governor Johnson preach doctrine which he has been advocating and enacting into legislation for the last four years.

One after another they ignore his challenge to declare themselves against the Workmen's Compensation Act.

Not one of them has ventured to express opposition to the State Railroad Commission.

With one exception, no one of the flock has had a word of criticism to utter against the Blue Sky law.

The man has yet to appear who will dare to attack the creation of the non-salaried Immigration Commission which is preparing to cope with the influx expected to follow the opening of the Panama Canal.

Not a single specific issue is raised against the Governor. Instead, meaningless generalities are indulged in in the war that is being waged upon him.

The Republican conference at Santa Barbara and the Democrats assembled at San Jose both approved of the legislative achievements of Governor Johnson. The only objection made was that the Republicans and Democrats wanted credit for their respective selves for supporting the laws.

It was Johnson who ended the political spoils system in California through a sweeping Civil Service law.

It was Johnson who compelled the railroads and other great corporations to pay, for the first time in the history of the state, their fair share of taxes.

It was Johnson who shut the door at Sacramento against special privilege.

It was Johnson who established the principle that the state's business can be run as economically and efficiently as is any private business.

It was Johnson who put a stop to grafting in the public service.

It was Johnson who placed all purchases of state supplies on a basis of competitive bids.

It was Johnson who brought about prison reforms which have been so successful that California is in the front rank in penal advancement.

It was Johnson who greatly expanded the work of agricultural college at the State University so as to place the best expert and scientific knowledge of the world at the direct service of the farmers of this state.

It was Johnson who introduced economics into the state's business with the result that the rate of increase of the cost of government was reduced from 22 per cent to 15 per cent.

A recitation of definite accomplishments, such as the foregoing, could be carried forward to much greater length. However, sufficient in number have been stated, as an initial installment, to challenge any of the Governor's opponents to gainsay or disprove them.

The record is open and Johnson invites investigation.

One opponent, in his announcement, declares for a humanitarian policy, which is nothing more than an expression of what has been Governor Johnson's policy for years and which has been embraced in the statutes of California.

Another opponent, regardless of facts and the truth, charges "political inefficiency," whatever that may mean. He fails utterly to specify instances of "inefficiency." Not alone was efficiency in the state service established by Johnson in a manner that gives him highest place as an official administrator, but he brought about the creation of a Civil Service Commission which devotes all its time to planning plans for efficiency in the state's service.

Other candidates "promise a business administration." In point of economy, efficiency, business-like management and actual service Johnson has a record that wins the admiration of every fair minded business man. It is a common saying among commercial men who have had dealings with the state under Johnson that he is "the best business governor the state has ever had."

Wherein has the Johnson administration been lacking in business administration? The public is entitled to specific instances, to make a statement of particulars. The Governor challenges his opponents and his enemies to give particulars against him and his administration. Why don't they do it.

KINGSBURG A CANDIDATE FOR SURVEYOR-GENERAL

SAN FRANCISCO, June 17.—W. S. Kingsburg, surveyor general of California, has announced his candidacy for reelection. He will run as a Progressive with endorsements which Republican and Democratic friends desire to give him.

Kingsburg has rendered splendid service during his two terms. The land thieves had controlled the office for many years, and Kingsburg had a series of brisk encounters to drive them out.

The surveyor general is an earnest, clean and efficient public servant. His candidacy is absolutely a case of the office seeking the man.

When he was interviewed at Sacramento to day he announced that he would run again, Surveyor General Kingsburg said:

"Yes, I have decided to become a candidate again. I have been receiving so many cordial expressions of appreciation of the work I have done here in the last eight years that I feel it is worth while remaining in public service. There is a certain satisfaction, a keen gratification to feel that one can do a public work in a manner to win approval. Frankly, it is these expressions of approbation and the desire to justify the faith of my friends that have influenced me in my decision to be a candidate."

"Governor Johnson stands for the principles and ideals in public service that appeal to me. My association with his administration the last four years has been an inspiration. To conduct the public service with real efficiency has been his constant endeavor and I have found it most gratifying as a public servant and as one who is devoted to his work, to work with him, co-operate with him, and to have his encouragement to give to the people's interests the best that is in me."

LIBRARY MOVEMENT

Matter Introduced Before County Supervisors by Mrs. J. J. Pyle

A resolution framed by Mrs. B. Uttley, president of the Woman's Club, looking to the establishing of a county library, was endorsed at the County Federation of Women's Clubs, representing 1500 women of the county. Mrs. Flora M. Pyle, president of the Santa Ana Civics Club, was delegated to take up the matter with the state authorities and the supervisors of Orange county.

At the regular meeting of the County Supervisors held yesterday steps were taken by the board by passing a resolution of intention for a hearing on the matter, the date of hearing being set for July 8.

The Woman's Club, as well as others interested in the establishing of a county library, are pleased that the movement is so well under way. Orange county has been distanced in this matter by most of the important counties of the state as most of them have already secured county libraries. The Woman's Club has displayed much activity and trust the movement in Orange county will reach a successful conclusion.

Honor for "Walt" Reeves

The following concerning a college class honor for a Santa Ana high school graduate, Walter Reeves, son of Mr. and Mrs. H. H. Reeves, is taken from a Pomona publication:

A political revolution took place in Claremont Saturday that was not very well known outside of the junior class. After a hasty campaign, "Walt" Reeves, running as a dark horse on an independent ticket, carried off the election for president of next year's senior class.

"This move of inserting a dark horse into the race at the last moment was a coup d'etat." Facing a year of internal division as a result of three very capable men for president, the junior class was finally unified by the selection of a neutral candidate.

"This master movement began quietly at the junior table in the College Commons on Friday night before the election. Every junior present was pledged to support Reeves in the coming election, and after much persuasion he was induced to run for the office."

Reception at Church

The topic for the Woman's Missionary meeting yesterday at the South Methodist Church, the ladies meeting in the church parlor, was "Intemperance."

Mrs. A. A. Jones of the Elbert Day Nursery gave a talk on the subject, drawing lessons from the fact that many of the children cared for at the nursery have suffered from the evils of intemperance.

A short program was followed by a reception to Miss Charlie May Cunningham, a recent missionary to San Luis Potosi, Mexico, and Mrs. Thacker, lately home from Mazatlan, Mexico. Each told of their experiences in the battling republic.

Miss Cunningham, who has been out of Mexico but little over a week, said it took her seventeen days to reach San Antonio, Texas, from San Luis Potosi, whereas it had taken her but two days and a night to traverse the same distance before the war.

A solo was sung by Miss Oneta Buckley and refreshments were served after the addresses had concluded and the ladies had greeted the speakers.

Next week is "bargain week" at the Conservatory. A straight ten percent discount will be in effect in every department.

We know that many of our old pupils will avail themselves of this offer and we hope there will be many new ones. Already our enrollment for summer study has jumped surprisingly. It's going to be the best summer we've ever had. Tell your friends.

TRAVELERS BREAKFAST

Entertained Charmingly at Los Angeles Residence of Mrs. H. R. Bristol

Complimentary to the ladies of the first section of Santa Ana Ebell travel department, Mrs. H. R. Bristol entertained yesterday with a delightful breakfast at her Los Angeles home. The beautiful home is picturesque as to situation, being located near Mount Washington in the environs of Los Angeles, overlooking the famous Arroyo Seco. Flowers in lavish quantity added their beauty and fragrance to the spacious rooms, and the genial hospitality of Mrs. Bristol and her daughter, with the presence of two of her greatly admired sisters, Mrs. Ed. Tedford and Mrs. Lottie Stafford, made the affair an exceptionally charming one.

It happened that yesterday was the natal day of Mrs. Tedford and so the Travelers paid her the compliment of a toast in the after-breakfast hour.

Covers were laid for the following Travelers: Mesdames H. C. Dawes, Stephen Ross, E. B. Smith, Geo. Smith, John Dryer, I. W. Van Cleave, J. J. Rober, J. P. Baumgartner, W. M. Smart, W. L. Tubbs, A. W. Ames; Miss Mary Cotter and the hostess; and for Mrs. Tedford and Mrs. Stafford. Mrs. Bristol had the aid of her daughter, Miss Marian, her daughter-in-law, Mrs. Laurence Bristol, and her niece, Miss Stafford, in serving.

In the afternoon the Travelers attended the matinee at the Orpheum, the Santa Ana ladies returning home on a late afternoon car, having greatly enjoyed the pleasant entertainment of Mrs. Bristol and the aftermath of tabloid drama.

PUT ON FLORAL DEGREE
Long Beach Eastern Stars Gave Fine Exemplification to Hermosa Chapter

One of the most delightful social events enjoyed by the members of Hermosa Chapter, O.E.S., was the visit of seventy-five members of the Long Beach chapter on Monday night and the putting on of the floral degree by the visitors. The interest at Long Beach in the event increased so materially before the party started for Santa Ana that twenty-five more than the original number of fifty people decided to take the trip here. Accordingly the special car plan was abandoned and the party came over in automobiles, thus being independent as to time of return. This made it possible for the social hour to be prolonged, amenities being continued until midnight.

The floral degree was presented with impressive skill, its beauty being fully brought out by the Long Beach staff. Mrs. Cora Cavins, present worthy Matron of Hermosa Chapter, was the initiator. Two hundred people were present to witness the beautiful and striking ceremony. Following the presentation of the degree, several of the visitors made interesting and chatty talks, and a number of the local chapter expressed their pleasure at the visit of the Long Beach Eastern Stars and their successful and delightful exemplification of the degree.

An appetizing supper was served in the banquet room, where the tables were tastefully decorated with bouquets of pink sweet peas. Over 200 sat down at the tables. Mrs. Pringle Toyle was head of the refreshment committee, and Mrs. George Balderston had charge of the decorations of the chapter hall, these being both elaborate and beautiful. A color motif of the five colors of the Eastern Star was developed in masses of bloom supplemented by ferns.

For Carriers
Manager Knapp of the Lyric Theater was host last evening to the Register carriers, about eighteen in all. The boys thoroughly enjoyed the excellent show and appreciate Mr. Knapp's generosity.

FAREWELL PARTY

Affair Complimentary to Mrs. Long and Family Prior to Departure

The Y. P. S. of the Reformed Presbyterian Church enjoyed a very pleasant social last evening at the home of Mr. and Mrs. C. T. Cleland, 607 E. Sixth street. The social was in the nature of a farewell to Mrs. Long and family, who expect to leave for Hemet shortly.

The principal diversion of the evening was an indoor track meet, with Santa Ana High School and Berkeley contesting. The time passed rapidly as the different events were carried out and excitement ran high, as was shown by the school yells and songs that were frequently heard. At the close of the meet, Santa Ana High School was declared winner by two points.

Following the meet, refreshments of ice cream and cookies were served, after which those present departed for home, regretting that Mrs. Long and family could not stay in Santa Ana to enjoy some more socials with them.

Past Matrons' Association Entertained
Mrs. H. H. Reeves opened her pleasant home on Bush and East Seventeenth streets yesterday afternoon to the ladies of the Past Matrons' Association for their regular meeting. The delightful time enjoyed at the meeting of Hermosa Chapter on Monday evening when the floral degree was presented by a large delegation from Long Beach chapter, was one of the topics of interest discussed over the fancy work with which the ladies busied themselves. Delicious refreshments were served by the hostess.

Those present besides Mrs. Reeves were Mrs. Maud Bowes, Mrs. Evans, Mrs. Theo. Winbiger, Mrs. George Balderston, Mrs. Max Reinhaus, Mrs. W. M. Clayton, Mrs. U. D. Palmer, Mrs. D. W. Crawford, Mrs. W. S. Peek and Miss Pauline Reinhaus. Mrs. John Harvey was a guest of the association.

Happy Hours Club

The young women of the Happy Hours Club met yesterday afternoon with Miss Freda Moesser at her home on West Second street. A pleasant time was spent in conversation and with pretty fancy work. Music was contributed by Miss Imogene Tillotson in a vocal solo, Misses Hazel Howley and Freda Moesser in a vocal duet and Miss Minnie Wild with a piano number. Delicious light refreshments completed the round of the afternoon's pleasure.

In addition to the members of the club and a new member on the list, Miss Carrie Wiseman, there were present Miss Edith Wells of Santa Ana and Mrs. Sawtelle of Santa Ana and Miss Straub of Los Angeles as guests of the club.

To Say Good-Bye

A pleasing farewell courtesy to Miss Wyman, who has been in the city schools during the past year as teacher, took the form of a surprise party last night. The event took place at the home of Mr. and Mrs. D. Baker, with whom Miss Wyman has lived during the school year. Fourteen of her friends united in the affair and the hours sped by delightfully, choice refreshments making an acceptable closing to the evening.

Miss Wyman will leave Friday for her home in Romeo, Michigan, making the journey by way of the northern route. She will travel through Portland, Ore., Vancouver, and other cities by way of the Canadian Pacific, ending the journey with a trip across Lake Superior.

Patriotic Birthday

With flags and bunting used elaborately in decorating house and lawn, the tenth birthday of Carl Wisseman was celebrated last Saturday. The patriotic decorations were in honor of Flag Day, and the birthday feast, served after a number of lively and patriotic games played in the house and out of doors, was spread on a table decked with the national colors. Even the beautiful birthday cake was adorned with red, white and blue candles.

Those enjoying the natal day celebration with Master Carl were Anita and Minor Cox, Stella Halesworth, Caroline Opp, Marian Prang, Harold Smith, Judson Stevens and Wendell Hill.

A Birthday Party

Very happily celebrated on Saturday was the ninth birthday of little Miss Ruth Travis at the West Second

street Travis home. The children enjoying the afternoon with her were Ruth and Gladys Cope, Vera Elwing, Erma Leona and Leora Youe, Elizabeth Baker, Donna Horton, Violet Cook.

The birthday spread was served at 5 o'clock and to the children's great delight a Jack Horner pie was served. The famous pie occupied the table's center and ribbons of red, white and blue extended from each place to the pie. Crepe paper in the national colors formed the cover of the pie while candy guns were stacked at each corner. Festoons of red, white and blue swung from the chandelier over the table to the four corners of the room and small flags completed the truly patriotic show.

In Honor of New Members

A social meeting of the Woman's Club was held yesterday afternoon at the home of Mrs. B. Uttley, the retiring president. Roll call was responded to with sketches of favorite authors, then a guessing age game afforded amusement. Mrs. C. F. Crose cut with Mrs. I. D. Annis for the award, a pin case, Mrs. Annis winning. Mrs. I. D. Mills, "Mother of the Club," was warmly greeted in several pleasant readings. A fortune-telling pastime proved to be most entertaining.

The afternoon was given in honor of the thirteen new members taken into the club during the year. A large attendance marked the occasion, and felicitations were extended the new club-women. A feature of the afternoon was the presentation to the retiring president, Mrs. Uttley, of an engraved salad spoon. Mrs. Ritchey making the presentation speech. Mrs. Uttley was praised highly for her faithful services during the year, and a tribute was paid her for her ability in making the members feel at home, and for the always lovely floral decoration of her home for the club meetings.

The presence of Mrs. Dora Higbee and Mrs. Lovisa Leslie, charter members, added to the pleasure of all attending yesterday. They each made brief remarks. The new year book was given out, and committees were named for the annual club outing to be held at Orange County Park, June 30.

MAN AND WIFE ARE INJURED

Fullerton Couple in Automobile
Met With Accident
Yesterday

Los Angeles Tribune: Attempting to drive his automobile with one hand, while going along Stephenson avenue, last night, Edward Gainer of Fullerton, got himself in trouble, and before he could gain control of his car, it shot across the street, collided with a trolley car, and Gainer and his wife were hurled to the street.

The accident occurred in front of 2610 Stephenson avenue and created considerable excitement among the passengers of the surface car, which was moving at a fast rate of speed in the opposite direction from which the automobilist was coming.

Gainer had a narrow escape from being crushed under the heavy wheels of the street car, for as he fell from his machine he clung to the side of the car and was dragged fifty feet before the motorman could stop. Mrs. Gainer was thrown on the

REV. WRIGHT TO LEAD THE HOSTS AGAINST TEACHERS

Are you going to see the ball game between the teachers and Rev. Paul Wright's preacher-lawyer bunch? The game will be on the Poly High diamond at 3:30 tomorrow. That it will be a thriller no one doubts. Everyone knows that in the preacher and the lawyer there is wrapped up a lot of ability besides that of a religious and legal kind. All that is needed to bring it out is a chance, and tomorrow comes the chance for the base ball talent to show itself.

Between the "admonitions" of the ministers and the "legalities" of the lawyers it looks to be hard sledding for the teachers. Paul Wright, who in the days when he had more on the "sky piece" than he has now, used to leave shut-out ball for Drake University, will be the box artist for the "P-I's". Wright is some pitcher, too. There still lingers the memory of the drubbing he gave the teachers two years ago before a thousand fans at the old Lincoln Park grounds. No doubt he's like the old wine he sometimes talks about in his sermons—getting better with age. Getting in a new battle with the lawyers may cause him to lose some of his fineness of flavor but let's hope not.

It is not known who will make up the rest of the team but it will be some team. It is reported that candidates among the lawyers will be given the preference in the lineup. If this is so, Colonel Heathman will be one of the stars. But leave it to Rev. Wright to arrange his line-up.

The "rod wielders" haven't got over the "chestiness" developed in beating the seniors. They think they have a real team. They boast of a battery that works either way. Also they think they are a bunch of hard sticklers from "Home Run" Cranston through the list. It was feared the home-run hitter would not be able to get into the game because of a sore shine that got in front of a ball in the teacher-senior game, but the latest is that he will be there. The rest of the line-up is being held under cover.

The proceeds of the game will go to the Day Nursery, which is badly in need of funds. Bring your "two bits," see a show worth while and help along a good cause.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly
Clears Nose, Head and Throat—
Stops Nasty Catarrhal Discharges
Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-n-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertise drug store.

LOS ANGELES PRODUCE MARKET

Rather surprising has been the drop in fresh meats in the past few days. Many cuts of beef have declined as much as 2 cents a pound and the average cut has been nearly 1½ cents. Calves, mutton and veal have been similarly affected, although the decline has not been as great as in beef. Pork holds steady and in ham and bacon, advances of 1 cent a pound have been recorded. Packers state that the decline of the red meats is caused by the usual decline in consumption over the warm months. Ham and bacon, quickly prepared and favorite meats with campers and picnickers, have a heavier run.

The price of eggs advanced yesterday morning 1 cent a dozen on case-count, making the quotation 26 cents. In San Francisco the market also advanced, but stopped at 25½ cents. Receipts were 499 cases and buying was very active in anticipation of the higher quotation. Butter receipts were 76,630 pounds.

MAKING MONEY WHILE THE TREES GROW
This week we are in Yucaipa assisting in setting 120 acres of tomatoes to supply the new Yucaipa cannery. Like everything else grown in Yucaipa, at the 3000 foot elevation, rich soil and plenty of water, the quality and yield is fine. Come right up to the valley and ask at the Tavern to be directed to the water works, or call at 109 Orange St., Redlands, and come up in the company's automobile free. See the valley in the glory of its June dress. Our regular trips will be resumed next week. Phone 161, Home 3744. Call at my office for information.

BAGDAD WRECK PLACED BY JURY

Crew of Freight Train Blamed
for Disaster in Which Two
Were Slain; 20 Hurt

Los Angeles Tribune: It was through the combined negligence of the conductor, the brakeman and the engineer of the freight train which stood on the siding that two men were killed and a score of other passengers injured when the California Limited of the Santa P. line crashed head-on into the freight at Bagdad last Friday night, according to the verdict returned yesterday by a criminal jury at Upland, where an investigation into the tragedy was held in the presence of representatives from the State Railroad Commission and the Interstate Commerce Commission.

Without equivocation the blame is

placed on the shoulders of T. T. Holman, conductor; L. Pollock, head brakeman, and J. T. Vanderbeck, engineer of the train into which the limited dashed, and it was on their own testimony before the jury that the verdict was found. In addition to the charges of negligence made against the employees, the company itself is declared to have been partially responsible because of its failure to see that all members of train crews carry standard time.

Holman admitted that he had read inaccurately the time in the order instructing him to enter the siding to allow the limited to pass. Pollock conceded that his watch was broken and stated that he thought he had sufficient time in which to close the switch. Vanderbeck is held partly to blame for not having compared the time in his copy of the train order with that of Holman.

An important fact in connection with the probe was brought to light when it developed that the diner in which sat Cram and Beiden, the two men who lost their lives, was a wooden car instead of steel, as at first announced.

The Interstate Commerce Commission was represented at the hearing by J. H. Strickland of Lincoln, Neb., and Henry Kirch of Washington, D. C., and the railroad commission by W. J. Hanford.

AT THE COURTHOUSE

DEFENSE EACH CASE IS SAME

The Defendant Says Cain to
Blame for Accident at
Crossing

In each of two damage cases now on trial at the courthouse, the defense is that the accident upon which has been brought was due to carelessness and negligence chargeable to the plaintiff's side and not to the defendant's.

The Pacific Electric, sued for \$55,000 damages by the heirs of J. M. Cain, declares through its attorneys, Gortner of Los Angeles and Forgy of Santa Ana, that Cain knew the electric car was coming, and that he had plenty of time in which to stop, but through his own carelessness his automobile went out upon the track in front of the electric car.

The jury was taken to the McFadden street crossing, where the accident occurred.

The Same Defense
In Judge Thomas' court the West Coast Oil Company, represented by Attorneys Keech & Davis, set up that J. P. Kennedy, who asks \$45,000 damages for a broken back, was to blame for the accident. It is asserted by the defense that Kennedy attempted to free links of an elevator voluntarily and not in the course of his duty and not under direction of the foreman.

Marriage Licenses
Henry A. Newman, 69, and Ellen B. Thompson, 68, both of Santa Ana; George T. Davis, 30, and Mary M. Van Alstine, 22, both of Santa Ana.

Will is Filed

The will of I. O. Wilson was filed for probate today. Under it, the estate is divided between two sons, Ray and Bert. The estate is worth \$15,000. Clyde Bishop is attorney for the petitioner, Ray Wilson, named as executor.

LOS ANGELES REALTY FIRM IN SANTA ANA

Opens Branch Office—Will Run
Excursion Next
Saturday

Roy C. Howells, manager of subdivisions for W. I. Hollingsworth & Company of Los Angeles, arrived in Santa Ana yesterday and made arrangements for the opening of a branch office of the Hollingsworth Company in Santa Ana. This will be located at 312 North Main street in the old stand of Taylor's Cash Store, at the rear of the Farmers & Merchants' National Bank Building.

The Hollingsworth Company have announced a special excursion from Santa Ana to the Los Angeles Harbor and Harbor Industrial City for Saturday, June 20. This excursion will go by way of Huntington Beach, Seal Beach, Naples, Long Beach, Wilmington, past the municipal piers and the West Basin into Harbor Industrial City.

At Harbor Industrial City luncheon will be served in the new brick block owned by the Hollingsworth Company.

This excursion will be run in order that investors from Orange county may see the new half-acre industrial and home site subdivision to Harbor Industrial City that has recently been placed on the market. This tract located in the heart of the industrial section lying back of the harbor front. It is reached by the Pacific Electric railroad and the new boulevard to Los Angeles and the harbor.

Tickets for this excursion are being distributed by the Hollingsworth Company from the Santa Ana headquarters. It has been announced that the excursion will be limited to 100 people. The total cost of the entire trip, including luncheon and a one hour's stop at Long Beach on the return trip, will be but sixty-five cents.

TO AVOID MISTAKES

SANTA CRUZ, June 17.—A movement to secure legislation requiring manufacturers to put up liquid poisons in bottles of unmistakable and distinctive shape has been started by the State Pharmaceutical Association, which convened here yesterday. It was declared that such legislation would largely decrease the using of "the wrong bottle" and prevent many accidental poisonings.

ILLINOIS DEGREE FOR GERMAN AMBASSADOR

URBANA-CHAMPAIGN, Ill., June 17.—Count Johann von Bernstorff, German ambassador to the United States, today became an alumnus of the University of Illinois. In connection with the commencement exercises, when more than six hundred degrees were granted by the different colleges, the ambassador received an honorary degree. The famous German delivered the commencement address to the class.

REFORMED CHURCHES SYNOD
CHICAGO, June 17.—Report of the committee on constitutional revision expected drastic action following the report of the committee on unions, and discussion of the advisability of creating particular synods in the Christian Reformed Churches, were the important matters looming up today before the synodical delegates who are here from all sections of the country to attend tonight's opening of the synod sessions at Third Roseland Church. The sessions are expected to last two weeks.

TURKEY HAS PROCLAIMED MARTIAL LAW IN SMYRNA

VIENNA, June 17.—Turkey today proclaimed martial law in Smyrna and along the Dardanelles, according to a Constantinople dispatch. As a result of the strained relations with Greece it is unanimously expected the situation there will end in war.

REBELS FLEE BUT ARE LIKELY TO RENEW ATTACK

DURAZZO, Albania, June 17.—The rebels, who almost succeeded yesterday in taking his capital from King William of Wied, are retreating today. Thus far the capital's defense has been successful but a fresh rebel attack is expected. The Royalists are working frantically to strengthen the weakened defenses.

PRISONERS AID HARVESTING

KANSAS CITY, June 17.—Fifteen county prisoners are on their way to the Kansas wheat fields to assist in the harvest, as the result of an order made by Judge R. S. Latschaw of the criminal court yesterday.

The men were paroled by being sent to the harvest fields.

"You are given the best of chances to make good, the judge said in paroling them. 'Kansas needs men and you need liberty.'"

NO TROOPS NEEDED IN MONTANA

WASHINGTON, June 17.—Senator Myers and Representative Stout of Montana visited the White House today and told the president that federal troops are not needed in Montana to preserve order between the warring factions of the miners' union. They said Governor Stewart has the situation well in hand.

GOOD OUTLOOK FOR WALNUTS

Reports From the State Show
Product in Good
Condition

LOS ANGELES, June 17.—Walnut growers are feeling elated over present crop conditions. Early in the spring the outlook was not so very good. The blossom was light and much of this was hurt by the heavy rains. Cool weather and other favorable conditions since have caused the walnuts on the trees to show a surprising growth and indications are that the crop of first grade will exceed very much the crop of the same kind last year. At this time last year crop indications were for a bumper year. There were more walnuts on the trees than for many seasons past. Hot weather baked the hulls out of the shells and put about half of the crop if not more in class number two, which after the harvest caused serious difficulties in marketing and brought protests from all parts of the United States on account of grades. With another month of fair weather, the greatest danger will be over, and opportunity for making prices will be present.

The crop is estimated at 10,000 tons.

LOS ANGELES GETS RECORD CARGO FROM PANAMA STEAMER

LOS ANGELES, 17.—Bringing the largest cargo ever received in Los Angeles from the steamer, the Lyra arrived at San Pedro yesterday direct from Panama. The vessel brought 3600 tons general merchandise. This cargo took up more than one-half of the space reserved for freight.

The Lyra has a carrying capacity of 5000 tons and received her cargo at the Pacific terminal of the Panama Canal, whence it had been shipped across the Isthmus by way of the Panama railroad.

The cargo was one of great variety, ranging from cases of pine to structural steel to be used in Los Angeles office buildings.

BUNKER HILL DAY WELL CELEBRATED

Boston and Charlestown Joined
in Observance of 139th
Anniversary of Fray

BOSTON, June 17.—The one hundred and thirty-ninth anniversary of the battle of Bunker Hill was celebrated in patriotic fashion today by Boston and Charlestown. The celebration really began last night with a huge bonfire and the ringing of bells, and banquets by a number of Charlestown organizations. Bell ringing was also given at sunrise, noon and sunset today. Salutes were fired at the Charlestown navy yard. The principal feature of the holiday was a big military parade in Charlestown, in part of its route the scene of the battle.

At night there will be a fireworks display and band concerts. Open house was the order of the day from yesterday afternoon until daylight and was kept up all day today by the various clubs and fraternal organizations in Charlestown.

The list of sports includes baseball, Harvard vs. Yale, at Cambridge; twenty-seven scheduled school games, seven club games, four field-day track meets, hour bicycle races, horse racing at the Brookline Country Club and a circuit meet, cricket, canoe races, motorcycle, hill-climbing contest, bowling on the green tournament, two yacht regattas, rowing regatta and nineteen golf tournaments, open medal and handicap play.
